Chairman's Statement

RESULTS

The profit attributable to equity holders of Wah Ha Realty Company Limited (the "Company") for the year ended 31st March 2013 amounted to HK\$113,221,908 (2012 restated: HK\$138,683,034). Earnings per share for the year was HK\$0.94 (2012 restated: HK\$1.15).

DIVIDENDS

The board of directors of the Company (the "Directors") (the "Board") has resolved to recommend a final dividend of HK11 cents (2012: HK10 cents) per share and a special dividend of HK13 cents (2012: HK15 cents) per share for the year ended 31st March 2013 to the shareholders of the Company (the "Shareholders") whose names appear on the Register of Members of the Company on Friday, 13th September 2013. Together with the interim dividend of HK11 cents (2012: HK10 cents) per share, total dividends for the year amount to HK35 cents (2012: HK35 cents) per share.

MANAGEMENT DISCUSSION AND ANALYSIS

FINANCIAL RESULTS

The Group's revenues for the year ended 31st March 2013 amounted to HK\$12.9 million, an increase of about 26.7% from the previous year. The major reasons for this moderate increase were the inclusion of sales of properties held for sale for HK\$1.4 million (2012: nil) coupled with the increases of rental income and interest income for HK\$0.5 million and HK\$0.6 million respectively.

For the year under review, the Group's profit attributable to equity holders was HK\$113.2 million, representing a decrease of about 18.4% from 2012. Amongst these, HK\$104.0 million (2012: HK\$131.6 million) were ascribed to the Group's share of the results of its associated companies. Earnings per share was HK\$0.94 as compared with HK\$1.15 last year. Excluding the fair value gains arising from revaluations of the Group's and the share of the associated companies' investment properties, the after-tax profit improved by HK\$13.0 million. The major components were the improvement in profit on disposals of the Group's and its associated companies' properties for HK\$12.6 million and better performance of the rental business for HK\$1.7 million. On the other hand, since the exchange rate of RMB/HK\$ had stood at a high level already, the great exchange gains derived from our RMB deposit in previous years could not be achieved and a reduction of HK\$1.5 million was reported for the year under review.

Chairman's Statement *(CONTINUED)*

BUSINESS REVIEW

Property Development, Investment and Management

During the year under review, the Rental Business of the Group and its associated companies performed well. As reported earlier in the Interim Report, a previously vacant investment property of the Group was rented out at a satisfactory rate, the annual rental revenue improved by HK\$0.5 million. As for the Rental Business of the associated companies, improvements were seen in the rental rates for new or renewed tenancies. The aggregate contributions of the Rental Business of the Group and its associated companies to the after-tax profit were HK\$1.7 million higher than that of last year.

During the year under review, there were several disposals of the Group's and its associated companies' properties. First, the Group had disposed of its interest in two car parking spaces in Kwun Tong and the share of after-tax profit was HK\$1.1 million. Second, an associated company had disposed of a shop in Wanchai and the Group's share of the after-tax profit was HK\$7.7 million. Third, another associated company had disposed of a unit in Fanling and the Group's share of the after-tax profit was HK\$1.0 million. The corresponding loss reported last year was HK\$2.7 million.

Subsequent to the year end and up to the date of this report, the Group had disposed of its interest in four units in Tuen Mun and the share of the estimated after-tax profit was HK\$2.7 million. Further, the Group had entered into an agreement to dispose of a unit in Fanling for an estimated after-tax profit of HK\$2.9 million. Moreover, an associated company had disposed of three units in Fanling and the Group's share of the estimated after-tax profit was HK\$3.1 million.

Apart from the aforesaid, the Group did not acquire or dispose of any property during the year under review and up to the date of this report.

For the year under review, although the operating environment of the Group's Property Management Business was tough, the profitability of this business was comparable to that of last year. Recently, the level of minimum wage was increased and greater pressure in operation is foreseen.

Investments

During the year under review, the Group did not acquire or dispose of any listed investment. The Group recorded a fair value gain of HK\$0.4 million from its investment portfolio, probably due to the improving sentiment.

The bank deposit rates were stabilized after a short period of going up last year. For the year under review, the increase in interest income was HK\$0.6 million whereas last year's corresponding increase was HK\$2.8 million.

PROSPECTS

In the United States, not long after the implementation of the third round of quantitative easing measures, there were noises that the Federal Reserve should consider to trim down the scale of the measures. Some even opined that withdrawal of the quantitative easing measures were essential in order to contain the recovered economy in a controllable scope. The Federal Reserve had indeed decided to discuss the issue in the next few meetings. The investment market interpreted it as having a time table for modification of the expansionary monetary policy. The result of this speculation was the worry of reduction of liquidity. The world securities markets reacted negatively to this probable outcome. In the Eurozone, the sovereignty debt crisis seemed to have been eased with the pledge of European Central Bank for an unlimited purchase of bonds. China had undoubtedly faced a slower pace in economic development. The Central Government tackled it positively by stimulating the domestic market and pursuing urbanization.

For the year under review, the local economy was still stable. The year-on-year GDP growth, after a short period of rapid growth of 7.3% in the 4th Quarter 2012, slowed down to 4.1% in the 1st Quarter 2013. A similar trend was observed in the total exports. The year-on-year increase in total exports for March 2013 was 11.2% which may be the result of low figure base for the Lunar New Year being in February. However, in April 2013, the increase dropped to 9.3%. Nonetheless, the Consumer Price Index was relatively stable and a year-on-year growth of 4.0% was reported for April 2013. The seasonally adjusted unemployment rate was 3.5% in the latest quarter, indicating an almost full employment position. All these together with the financially healthy Government illustrate that we are in a much better position than other counterparts in the world. But still, the Hong Kong Government was wary of the buoyant property market, especially the residential property market. Different administrative measures have been introduced to manage the housing demand of the general public. Following the implementation of the Special Stamp Duty in 2011, enhancement of the Special Stamp Duty and introduction of Buyer's Stamp Duty and Double Stamp Duty were effected in six months time and cast uncertainties on the property market. Immediate observation was the significant reduction in transaction volume with little price adjustment.

To cope with the ever changing uncertainties no matter imposed by the global economy or local elements, we should act prudently and maintain adequate resources to tackle any unforeseeable circumstances. We shall leverage on our virtually debt-free position so as to deliver stable returns to our shareholders.

Chairman's Statement *(CONTINUED)*

EMPLOYMENT AND REMUNERATION POLICIES

As at 31st March 2013, the Group had less than twenty employees and their remuneration are maintained at competitive levels. Total staff costs (including Directors' remuneration) amounted to HK\$5.7 million (2012: HK\$4.6 million). Remuneration policies are reviewed regularly by the Board and by the Remuneration Committee regarding Directors and senior management. Employees' salaries are determined on performance basis with reference to the market trend. In addition, discretionary bonuses are granted to eligible employees with reference to the Group's results and individual performance. Other benefits include education subsidies, medical and retirement benefits.

LIQUIDITY AND FINANCIAL RESOURCES

The Group is virtually debt-free and generally finances its operations with internally generated cash flows. The Group's cash and cash equivalents amounted to HK\$357.1 million at 31st March 2013. The Board believes that the Group has sufficient financial resources for its operations. The Group has no material exposure to foreign exchange rate fluctuation and material contingent liabilities.

APPRECIATION

On behalf of the Board, I would like to take this opportunity to express my sincere appreciation to the Shareholders for their continued support and our staff for their hard work and dedication. I would also like to express my gratitude to my fellow Directors for their guidance and invaluable contribution.

Cheung Kee Wee

Chairman

Hong Kong, 28th June 2013

Mr. Chan Woon Kong
Mr. Soo Hung Leung, Lincoln

The Board, led by the Chairman, is responsible for leadership and control of the Company and is collectively responsible for establishing the strategic direction of the Group, setting objectives and business development plans, monitoring the performance of the senior management, assuming responsibility for corporate governance and achieving agreed corporate goals of the Company by scrutinizing the Company's performance and monitoring performance reporting.

The Chairman of the Board ensures that the Board works effectively and discharges its responsibilities and all key and appropriate issues are discussed by the Board in a timely manner. He takes responsibility for ensuring that good corporate governance practices and procedures are established and encourages all Directors to make a full and active contribution to the Board's affairs. Directors with different views are encouraged to voice their concerns. They are allowed sufficient time for discussion of issues so as to ensure that Board decisions fairly reflect Board consensus. A culture of openness is promoted to facilitate the effective contribution of NEDs and ensure constructive relations between Executive Directors ("EDs") and NEDs.

EDs and the Board committees of the Company are delegated with the authority to manage the business of the Group in all aspects effectively. With the assistance of the Company Secretary, the Chairman approves Board meeting agendas and takes into account, where appropriate, any matters proposed by the other Directors for inclusion in the agendas. Also, with the support of the EDs and the Company Secretary, the Chairman ensures that all Directors are properly briefed and timely receive adequate, clear, complete and reliable information on all Board matters.

EDs are responsible for different business and functional divisions of the Group in accordance with their respective areas of expertise. Daily operations and administration are delegated to the management under supervision which is given clear directions as to their powers in particular with respect to the circumstances under which they should report back to and obtain prior approval from the Board before making decisions or entering into any commitments on behalf of the Company. The Board reviews the existing arrangements periodically to ensure that they remain appropriate to the Company's needs.

The NEDs, including Independent Non-executive Directors ("INEDs"), participate in Board meetings to bring expertise and independent views on important issues relating to the Company's strategy, policy, performance, accountability, resources, key appointments, standards of conduct, and take the lead on matters where potential conflicts of interests arise. They also serve on Board committees of the Company, including the Audit Committee, the Remuneration Committee and the Nomination Committee. The NEDs and INEDs give the Board and Board committees on which they serve the benefit of their skills, expertise and varied backgrounds and qualifications through regular attendance and active participation. They also attend AGMs of the Company to understand the view of the Shareholders. They make a positive contribution to the development of the Company's strategy and policy through independent, constructive and informed comments.

The Board has more than one third of the Directors as INEDs, each of them comes from different business and professional background and at least one of them has accounting or related financial management expertise. The Board has received from each INED an annual written confirmation of independence pursuant to Rule 3.13 of the Listing Rules. The Company is of the view that each INED meets the requirements of independence as set out in Rule 3.13 of the Listing Rules and continues to consider each of them to be independent up to the date of the Company's 2013 annual report (the "AR").

The Board includes a balanced composition of EDs, NEDs and INEDs so that there is a strong independent element on the Board to exercise independent judgement to bear on issues of strategy, policy, performance, accountability, resources, key appointment and standards of conduct.

The composition of the Board, by category and position of Directors including the names of the Chairman, the EDs, the NEDs and INEDs, is disclosed in all corporate communications. An updated list of Directors identifying their role and function and whether they are INEDs is available on the respective websites of the Company and the Stock Exchange. The names of the Directors, their role and function and the relationship among them are set out on pages 2 and 3 of the AR.

Directors' Training

All Directors are encouraged to participate in continuous professional development to develop and refresh their knowledge and skills. The Directors are kept informed of the updated legal and other regulatory requirements and the business and governance policies of the Company to ensure that their contribution to the Board remains informed and relevant. The Company Secretary provides written training materials to the Directors for reference, and arranges seminars on the latest development of the Listing Rules, applicable laws, rules and regulations relating to Directors' duties and responsibilities, if any. During the year, the Company arranged an in-house seminar conducted by qualified professionals on topics relating to the New CG Code.

The Directors have provided the Company with their records of continuous professional development during the financial year 2012/2013. Records of the Directors' training during the year are as follows:

Meetings

The Board meets regularly and holds at least four regular meetings at approximately quarterly intervals in a year and additional meetings are held as and when significant events or important issues are required to be discussed and resolved. For the financial year 2012/2013, four physical meetings were respectively held in June, September and November of 2012 and March 2013. Details of individual attendance of each Director at the meetings are as follows:

Directors	Meetings Attended/Held
<i>Executive Directors</i>	
Mr. Cheung Kee Wee (<i>Chairman</i>)	3/4
Mr. Cheung Lin Wee	4/4
Mr. Cheung Ying Wai, Eric	3/4
<i>Non-executive Directors</i>	
Mr. John Ho	4/4
Mr. Ng Kwok Tung	4/4
<i>Independent Non-executive Directors</i>	
Mr. Lam Hon Keung, Keith	2/4
Mr. Chan Woon Kong	4/4
Mr. Soo Hung Leung, Lincoln	3/4

During the year ended 31st March 2013, the Chairman held a meeting with the NEDs (including INEDs) without the presence of the EDs.

In order to give all Directors adequate time to plan their schedules to attend the meeting, at least fourteen days' formal notice of all regular meetings is given to all Directors, and all Directors are given the opportunity to include matters for discussion in the agenda. To enable Directors to make informed decisions on matters to be considered at the Board and Board Committee meetings, agenda accompanied with board papers and related materials are given to the Directors not less than three days before the intended date of a Board or Board Committee meeting.

Directors need to declare their interests in the matters to be passed in the resolution, if applicable. If a substantial shareholder or a Director has a material conflict of interests in a matter to be considered by the Board, the matter will be dealt with pursuant to applicable rules and regulations and, if appropriate, an independent Board committee will be set up to deal with the matter.

In addition to the Board meetings, certain issues are dealt with by way of circular written resolutions, so that all Directors can note and comment thereon before the Board's approval on the matters.

Meetings *(Continued)*

Directors are kept informed in a timely manner of any major changes that may affect the Group's business as well as changes in relevant rules and regulations. Queries raised by Directors receive a prompt and full response, if possible. All Directors have full access to the Company Secretary and key officers of the Company Secretarial Department for relevant information in respect of the Group. They are also able to obtain independent professional advice by written procedure adopted by the Company at the expense of the Company in appropriate circumstances.

Directors' and Officers' Liabilities

The Company has arranged appropriate Directors and Officers liability insurance coverage for its Directors and officers since 2004.

CHAIRMAN AND CEO

Under the code provision A.2.1 of the New CG Code, the roles of the Chairman and CEO should be separate and should not be performed by the same individual. Mr. Cheung Kee Wee is the Chairman of the Board and there is not a post of CEO in the Company. The roles of the CEO are performed by all the EDs with clear division of responsibilities under the leadership of the Chairman. The Board considers that this arrangement allows contributions from all EDs with different expertise and can ensure the balance of power and authority between the Board and the management of the Group. The Board therefore believes that this structure can enable the Group to make and implement decisions promptly and efficiently and is beneficial to the business prospect of the Group.

APPOINTMENT, RE-ELECTION AND REMOVAL OF DIRECTORS

The selection process of Directors is performed by the Board in accordance with the Company's Articles, the recommendations on nominations of Directors made by the Nomination Committee as well as the written procedures for Shareholders to propose a person for election as a Director of the Company. The said procedures are posted on the Company's website.

When considering a potential Director who is recommended by the EDs, the Nomination Committee, or the Shareholder(s), the Board will take into consideration certain criteria such as the candidate's professional knowledge and experience, integrity and personal skills, possible conflicts of interests and time commitment to the Company. If the potential Director cannot give sufficient time and attention to the Company's affairs, he/she will be advised not to accept the appointment.

A newly appointed Director will receive reference material of the Company such as interim and annual reports and circulars with a view to familiarizing him/her with the business operation of the Company and the corporate structure of the Group. Updates are provided to Directors to ensure that Directors are aware of the latest changes in the commercial and regulatory environment in which the Group conducts its business. A Guide on Directors' Duties issued by the Companies Registry, Guidelines for Directors and Guide for Independent Non-Executive Directors both issued by The Hong Kong Institute of Directors have been given to each Director for information and easy reference.

Each Director disclosed to the Company at the time of his appointment and in a timely manner for any change, the number and nature of offices held in public companies or organizations.

Under the code provision D.1.4 of the New CG Code, the Company should have formal letters of appointments for Directors setting out the key terms and conditions of their appointment. All Directors have been issued with the said formal letters of appointment from the Company.

Under the code provision A.4.1 of the New CG Code, NEDs should be appointed for a specific term and subject to re-election. All the five NEDs of the Company are not appointed for a specific term but are subject to retirement by rotation and re-election at the AGM in accordance with the Company's Articles.

In accordance with Article 94 of the Company's Articles, a newly appointed Director is subject to re-election by the Shareholders at the next following AGM of the Company after his/her appointment, but shall not be taken into account in determining the Directors who are to retire by rotation and re-election at the AGM in accordance with Article 103(A) of the Company's Articles.

There are eight Directors including five NEDs of the Company for the time being. As one-third of the eight Directors shall retire from office by rotation at each AGM, each of them shall retire at least once every three years. The Board is of the view that the current practice of appointing Directors which includes NEDs without specific terms but otherwise subject to retirement by rotation and re-election by the Shareholders at the AGM is reasonable and appropriate to the needs of the Company.

The Company may by an ordinary resolution remove a Director before the expiration of his/her period of office notwithstanding anything in the Company's Articles or in any agreement between the Company and such Director. Special notice is required of a resolution to remove a Director or to appoint somebody in place of a Director so removed at the general meeting at which he/she is removed in accordance with the Hong Kong Companies Ordinance.

APPOINTMENT, RE-ELECTION AND REMOVAL OF DIRECTORS *(Continued)*

Each Director (including INED) who was subject to retirement by rotation was appointed by a separate resolution in the AGM. In respect of an INED who has served more than nine years, the Company has expressed its view in the Company's circular dated 17th July 2013 (the "Circular") that each INED who is eligible for re-election has met the independence guidelines set out in Rule 3.13 of the Listing Rules and is independent. In accordance with the New CG Code, the relevant credentials of the INEDs to be re-elected have been included in the Circular accompanying the notice of 2013 AGM for the Shareholders' information.

During the year ended 31st March 2013, there was no change in the Board composition. The names and details of the retiring Directors who will offer themselves for re-election at the forthcoming AGM are set out in Appendix I to the Circular.

BOARD COMMITTEES

The Company has three Board committees, namely the Nomination Committee, the Remuneration Committee and the Audit Committee. All committees have specific terms of reference clearly defining their authorities and responsibilities. The terms of reference of the Board committees require them to report back to the Board on their decisions or recommendations. The terms of reference are reviewed and updated regularly to ensure that they remain appropriate and reflect change in good practice and governance. The determination of the policy for the corporate governance of the Company and the corporate governance duties as set out in the code provision D.3.1 of the New CG Code are performed by the Board.

Nomination Committee

The Nomination Committee of the Company was established in 2012, a majority of which is INEDs. The Committee is chaired by the chairman of the Board, Mr. Cheung Kee Wee and comprises an ED, Mr. Cheung Lin Wee, and three INEDs, namely Messrs Lam Hon Keung, Keith, Chan Woon Kong and Soo Hung Leung, Lincoln. The Company Secretary of the Company is the secretary of the Committee.

The Nomination Committee is responsible for reviewing the structure, size and composition of the Board regularly and making recommendations on any proposed changes to the Board to complement the Company's corporate strategy. Its duties include making recommendation to the Board on the selection of individuals nominated for directorships and the appointment or re-appointment of Directors and succession planning for Directors. The Committee is also responsible for assessing the independence of INEDs. The adopted terms of reference of the Nomination Committee dated 5th March 2012 which set out clearly the Committee's role, authority and duties made pursuant to the New CG Code are posted on the respective websites of the Stock Exchange and the Company.

The Committee is provided with sufficient resources enabling it to perform its duties and it can seek independent professional advice at the Company's expense, if necessary.

During the year under review, no meeting was held by the Nomination Committee.

Remuneration Committee

Remuneration Committee of the Company was established in 2005. The Committee consists of three INEDs, namely Messrs Soo Hung Leung, Lincoln (Chairman), Lam Hon Keung, Keith and Chan Woon Kong, and two NEDs, namely Messrs John Ho and Ng Kwok Tung. The Company Secretary of the Company is the secretary of the Committee.

The principal responsibilities of the Remuneration Committee, under its terms of reference which were prepared on terms no less exacting than those set out in the New CG Code and revised and adopted in March 2012, include making recommendations to the Board on the Company's policy and structure for all Directors' and senior management's remuneration and on the establishment of a formal and transparent procedure for developing remuneration policy as well as making recommendations to the Board on the remuneration packages of all EDs and senior management with reference to the Board's corporate goals and objectives. The terms of reference of the Committee are posted on the respective websites of the Stock Exchange and the Company.

The Remuneration Committee shall consult the Chairman of the Company about their remuneration proposals for EDs, if necessary. The Committee is provided with sufficient resources to discharge duties.

The Remuneration Committee met once during the financial year ended 31st March 2013. Details of individual attendance of each of the members of the Committee at the meeting are as follows:

Committee Members	Meetings Attended/Held
<i>Independent Non-executive Directors</i>	
Mr. Soo Hung Leung, Lincoln (<i>Chairman</i>)	1/1
Mr. Lam Hon Keung, Keith	1/1
Mr. Chan Woon Kong	1/1

BOARD COMMITTEES *(Continued)*

Remuneration Committee *(Continued)*

During such meeting, the remuneration package of the EDs was reviewed with reference to the Group's performance and profitability as well as the remuneration level of directors in certain listed corporations in the industry. No Director was involved in deciding his own remuneration. Details of the remuneration of Directors and senior management by band for the year ended 31st March 2013 are set out in Note 9 to the financial statements on pages 67 to 69 of the AR.

Audit Committee

The Audit Committee of the Company was established in 1998 and currently consists of three INEDs, namely Messrs Lam Hon Keung, Keith (Chairman), Chan Woon Kong and Soo Hung Leung, Lincoln and two NEDs, namely Messrs John Ho and Ng Kwok Tung. No member of the Committee is a former partner of the existing auditing firm of the Company during a period of one year from the date of his ceasing to be a partner of the audit firm. The Committee members possess sufficient financial and accounting experience and expertise to discharge their duties. The Company Secretary of the Company acts as the secretary of the Committee.

The Audit Committee is provided with sufficient resources to perform its duties. The operation of the Audit Committee is guided by its terms of reference which were prepared on terms no less exacting than those set out in the New CG Code. The terms of reference, which were further revised and adopted in March 2012, are posted on the respective websites of the Stock Exchange and the Company.

The major duties of the Audit Committee set out in its terms of reference include:–

1. recommendation to the Board on the appointment, re-appointment and removal of the external auditor, and approval of their terms of engagement;
2. reviewing and monitoring the external auditor's independence and objectivity and the effectiveness of audit process in accordance with applicable standard;
3. monitoring the integrity of the Company's financial statements and AR and accounts, interim report and quarterly report (if applicable), and reviewing significant financial reporting judgements contained in them;
4. oversight of the Company's financial controls, internal control and risk management systems;
5. reviewing the financial information of the Company;
6. reviewing arrangements that employees of the Company can use, in confidence, to raise concerns about possible improprieties in the financial reporting, internal controls or other matters; and
7. overseeing the Company's relations with the external auditor.

During the financial year ended 31st March 2013, two meetings of the Audit Committee were held in June and November of 2012 respectively with the external auditor of the Company for discussion and review of the reporting of financial and other information to the Shareholders (including the 2011/2012 final results and 2012/2013 interim results of the Company before they were submitted to the Board for approval), the accounting principles and practices adopted by the Group and the issue on internal control of the Company. The Committee also keeps under review the independence of the external auditor of the Company. Details of individual attendance of each of the members of the Committee at the meetings are as follows:

Committee Members	Meetings Attended/Held
<i>Independent Non-executive Directors</i>	
Mr. Lam Hon Keung, Keith (<i>Chairman</i>)	2/2
Mr. Chan Woon Kong	2/2
Mr. Soo Hung Leung, Lincoln	2/2
<i>Non-executive Directors</i>	
Mr. John Ho	2/2
Mr. Ng Kwok Tung	2/2

There was no disagreement between the Board and the Audit Committee on the selection, appointment, resignation or dismissal of the external auditor.

The financial statements of the Company for the year ended 31st March 2013 were reviewed and discussed by the Audit Committee together with the external auditor of the Company at a meeting held in late June 2013.

AUDITOR'S REMUNERATION

For the year ended 31st March 2013, the remuneration paid and payable to PricewaterhouseCoopers, the Company's external auditor, for audit services to the Group amounted to HK\$465,300 and for non-audit services mainly consists of review, consultancy and taxation services amounted to HK\$158,900.

Corporate Governance Report *(CONTINUED)*

THE COMPANY SECRETARY

The appointment and dismissal of the Company Secretary is subject to the Board approval in accordance with the Company's Articles. Mr. Raymond W. M. Chu was the Company Secretary of the Company.

The Company Secretary is responsible to the Board for ensuring that the procedures and all applicable rules and regulations are strictly and fully complied with and that activities of the Board are running efficiently and effectively by assisting the Chairman of the Board and the respective Chairmen of the Board committees to prepare agendas for meetings and by preparing and disseminating Board papers and relevant material to the Directors and Board Committee members in a timely and comprehensive manner.

The Company Secretary reports to the Board Chairman, attends all Board meetings and advises on corporate governance and statutory compliance, if appropriate. Draft and final versions of minutes of meetings of the Board and the Board committees are circulated to all Directors concerned for comments and records respectively, within a reasonable time after the meeting is held. All the minutes record in sufficient detail the matters considered and decisions reached by the Board and the Board committees of the Company, including any concerns raised by Directors or dissenting views expressed, are kept by the Company Secretary, which are open for inspection at any reasonable time on reasonable notice by any Director.

The Company Secretary also advises the Directors on their obligations for disclosure of interests in securities, connected transactions and price-sensitive information and ensures that the standards and disclosures required by the Listing Rules are observed and, where required, reflected in the Report of the Directors. All Directors have access to the advice and services of the Company Secretary to ensure that Board procedures, and all applicable rules and regulations, are followed.

During the year under review, the Company Secretary undertook over 15 hours of professional training to update his skill and knowledge.

ACCOUNTABILITY AND AUDIT

The Board was provided with sufficient explanation and information by the management of the Company, so that Directors have an informed assessment of financial and other information of the Company put before the Board for approval.

Monthly management updates have also been provided by the Management to all Directors since April 2012 for the purpose of providing a balanced and understandable assessment of the Company's performance, position and prospects in sufficient detail to enable the Board as a whole and each Director to discharge their duties.

All the Directors have acknowledged their responsibilities for preparing and reviewing the Company's financial statements and ensure that the financial statements give a true and fair view of the state of affairs of the Company and the Group as at 31st March 2013 and of the profit and cash flows of the Group for the year then ended. In preparing the Company's financial statements for the year ended 31st March 2013, with the assistance of the Company's Accounts department, the Board has selected suitable accounting policies and principles generally accepted in Hong Kong and applied them consistently, has made prudent and reasonable judgements and estimates, and has prepared the financial statements on a going concern basis. Directors are not aware of material uncertainties relating to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern as referred to in the code provision C.1.3 of the New CG Code.

The statement by the auditor of the Company regarding their reporting responsibilities on the financial statements of the Company and the Group is set out in the "Independent Auditor's Report" on pages 35 and 36 of the AR.

The Board has included in the separate statement containing a discussion and analysis of the Group's performance in the Management Discussion and Analysis of the AR.

The Board's endeavors to ensure a balanced, clear and understandable assessment of the Group's position and prospects extend to annual and interim reports, price-sensitive announcements and other financial disclosures of the Company required under the Listing Rules and other applicable rules, and to report to regulators as well as to information required to be disclosed pursuant to statutory requirements. Accordingly, due authorization will be made on the publication of relevant announcements and reports as and when the occasion arises.

Corporate Governance Report *(CONTINUED)*

INTERNAL CONTROL

The Board acknowledges its responsibility in maintaining effective and sound internal control system for the Group to safeguard the Group's assets and protect the interest of the Shareholders. The internal control system is designed to provide reasonable, but not absolute, assurance of no material misstatement or loss and to manage rather than eliminate risks of failure in operational systems and achievements of the Group's objectives.

The Board has conducted an annual review of the effectiveness of the system of internal control of the Group. The review covered all material controls, including financial, operational and compliance controls and risk management functions. The Board considers that the Company has adequacy of resources, staff qualifications and experience, training programmes and budget of the Company's accounting and financial reporting function.

Based on the results of the review, the Board has concluded that the Group's overall system of internal control has been effectively exercised during the year. The Group will continue to improve its system of internal control.

COMMUNICATION WITH THE SHAREHOLDERS

The Company's AGM is one of the principal communication channels between the Company and the Shareholders as it provides a forum for the Shareholders to raise questions and comments and exchange views with the Board.

At the 2012 AGM of the Company, respective Chairmen of the Board, the Audit Committee, the Remuneration Committee and the Nomination Committee as well as the external auditor of the Company were present and available to answer questions raised by the Shareholders at the meeting. A separate resolution was proposed at the AGM on each substantially separate issue, such as the re-election of individual Directors.

Details of individual attendance of each Director at the 2012 AGM are as follows:

Directors	Meeting Attended/Held
<i>Executive Directors</i>	
Mr. Cheung Kee Wee (<i>Chairman</i>)	1/1
Mr. Cheung Lin Wee	1/1
Mr. Cheung Ying Wai, Eric	1/1
<i>Non-executive Directors</i>	
Mr. John Ho	0/1
Mr. Ng Kwok Tung	0/1
<i>Independent Non-executive Directors</i>	
Mr. Lam Hon Keung, Keith	1/1
Mr. Chan Woon Kong	1/1
Mr. Soo Hung Leung, Lincoln	1/1

The Company has other means of communication with the Shareholders, including the publication of annual and interim reports, circulars, announcements and availability of updated and key information about the Group on the Company's website. The Shareholders or any interested parties can also contact the Company by sending e-mail to enquiry@wahha.com.

The Company arranges for the notice to the Shareholders to be sent out in the case of AGMs at least 20 clear business days before the meeting and to be sent out at least 10 clear business days in the case of all other general meetings. It is proposed that the 2013 AGM of the Company will be held on Tuesday, 3rd September 2013 at 11:30 a.m.. Notice of the AGM will be published and dispatched to the Shareholders in late July 2013.

The Board has formulated a shareholders' communication policy and will review it on a regular basis to ensure its effectiveness.

VOTING BY POLL

The Company regularly informs the Shareholders of the procedures for voting by poll and ensures that it complies with the requirements about voting by poll as contained in the Listing Rules and the Company's Articles.

Since 2005, the Shareholders were given an explanation of the rights and procedures for demanding and conducting a poll in accordance with Article 74 of the Company's Articles at the commencement of each AGM of the Company.

Corporate Governance Report *(CONTINUED)*

VOTING BY POLL *(Continued)*

Pursuant to the Listing Rules, any vote of the shareholders at a general meeting must be taken by poll. The Chairman of the 2013 AGM will therefore put each of the resolutions to be proposed at the meeting to be voted by way of a poll pursuant to the Listing Rules and Article 74 of the Company's Articles.

SHAREHOLDERS' RIGHT

Shareholder(s) holding not less than one-twentieth of the paid up capital of the Company can make a requisition to convene an extraordinary general meeting pursuant to Section 113 of the Hong Kong Companies Ordinance. The requisition must state the objects of the meeting and must be signed by the relevant shareholder(s) and deposited at the registered office of the Company.

Moreover, Section 115A of the Hong Kong Companies Ordinance provides that (i) Shareholder(s) representing not less than one-fortieth of the total voting rights of all Shareholders of the Company or (ii) not less than 50 Shareholders holding the shares in the Company on which there has been paid up an average sum of not less than HK\$2,000 per Shareholder can put forward proposals for consideration at a general meeting of the Company by depositing a requisition in writing signed by the relevant Shareholder(s) at the registered office of the Company.

INVESTOR RELATIONS

During the year ended 31st March 2013, there were no significant changes in the memorandum and articles of association of the Company which is posted on the respective websites of the Stock Exchange and the Company.

Save as disclosed above, the Company has complied with all the code provisions as set out in the New CG Code throughout the financial year ended 31st March 2013.

Independent Auditor's Report

羅兵咸永道

TO THE SHAREHOLDERS OF WAH HA REALTY COMPANY LIMITED

(incorporated in Hong Kong with limited liability)

We have audited the consolidated financial statements of Wah Ha Realty Company Limited (the "Company") and its subsidiaries (together, the "Group") set out on pages 37 to 88, which comprise the consolidated and company balance sheets as at 31st March 2013, and the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Directors' responsibility for the consolidated financial statements

The directors of the Company are responsible for the preparation of consolidated financial statements that give a true and fair view in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants, and the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit and to report our opinion solely to you, as a body, in accordance with section 141 of the Hong Kong Companies Ordinance and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

We conducted our audit in accordance with Hong Kong Standards on Auditing issued by the Hong Kong Institute of Certified Public Accountants. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

Independent Auditor's Report *(CONTINUED)*

Auditor's responsibility (Continued)

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements give a true and fair view of the state of affairs of the Company and of the Group as at 31st March 2013, and of the Group's profit and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards and have been properly prepared in accordance with the Hong Kong Companies Ordinance.

Notes to the Consolidated Financial Statements

1 GENERAL INFORMATION

The Company is a limited liability company incorporated in Hong Kong and listed on The Stock Exchange of Hong Kong Limited. The address of its registered office is Room 2500, Dominion Centre, 43-59 Queen's Road East, Wanchai, Hong Kong.

The principal activities of the Company are investment holding and property investment. The activities of the subsidiaries and associated companies are shown in Notes 15 and 16 to the consolidated financial statements respectively.

These consolidated financial statements are presented in Hong Kong dollar (HK\$), unless otherwise stated. These consolidated financial statements have been approved for issue by the Board of Directors on 28th June 2013.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of preparation

The consolidated financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRS") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA"). The consolidated financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets at fair value through profit or loss and investment properties which are carried at fair value.

The preparation of the consolidated financial statements in conformity with HKFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements, are disclosed in Note 4.

The adoption of amendments to existing standards

The Group adopted the amendments to existing standards below, which are relevant to its operations.

HKFRS 7 (Amendment)	Disclosures – Transfers of Financial Assets
HKAS 12 (Amendment)	Deferred Tax: Recovery of Underlying Assets

The Group has assessed the impact of the adoption of these amendments and considered that there was no significant impact on the Group's results and financial position nor any substantial changes in the Group's accounting policies and presentation of the financial statements except for the amendment of HKAS 12.

This amendment to HKAS 12 provides an exception to the principles in the existing standard for measuring deferred tax assets or liabilities when an investment property is measured at fair value. The amendment introduces a presumption that an investment property measured at fair value will be recovered entirely through sale rather than over time through operations. The implication is that deferred tax liabilities are not provided as capital gains upon sale are not taxed in Hong Kong. This represents a change in the accounting policy which is applied retrospectively.

The consolidated balance sheet at 1st April 2011, 31st March 2012 and the consolidated statements of comprehensive income for the year ended 31st March 2012 have been restated to reflect the effect of adoption of this amendment to HKAS 12 which is presented as follows:

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

(b) Standards and amendments to existing standards that are relevant but not yet effective *(Continued)*

The Group has not early adopted the above new or revised standards and amendments. The Group is in the process of making an assessment of the impact of these new or revised standards and amendments upon initial application and is not yet in a position to state whether these new or revised standards and amendments have any significant impact on the Group's result of operations and financial position.

(c) Consolidation

The consolidated financial statements include the financial statements of the Company and all its subsidiaries made up to 31st March.

(i) *Subsidiaries*

Subsidiaries are all entities (including special purpose entities) over which the Group has the power to govern the financial and operating policies generally accompanying a shareholding of more than one half of the voting rights. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Group controls another entity.

Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date that control ceases.

The Group uses the acquisition method of accounting to account for business combinations. The consideration transferred for the acquisition of a subsidiary is the fair values of the assets transferred, the liabilities incurred to the former owners of the acquiree and the equity interests issued by the Group. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Acquisition-related costs are expensed as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. On an acquisition-by-acquisition basis, the Group recognises any non-controlling interest in the acquiree either at fair value or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets.

Goodwill is initially measured as the excess of the aggregate of the consideration transferred and the fair value of non-controlling interest over the net identifiable assets acquired and liabilities assumed. If this consideration is lower than the fair value of the net assets of the subsidiary acquired, the difference is recognised in the statement of comprehensive income.

Inter-company transactions, balances, income and expenses on transactions between group companies are eliminated. Profits and losses resulting from inter-company transactions that are recognised in assets are also eliminated. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the accounting policies adopted by the Group.

In the Company's balance sheet, the investments in subsidiaries are stated at cost less provision for impairment losses. The results of subsidiaries are accounted for by the Company on the basis of dividend received and receivable.

(ii) *Associated companies*

Associated companies are all entities over which the Group has significant influence but not control, generally accompanying a shareholding of between 20% and 50% of the voting rights. Investments in associated companies are accounted for using the equity method of accounting and are initially recognised at cost. The Group's investments in associated companies include goodwill identified on acquisition, net of any accumulated impairment losses.

The Group's share of its associated companies' post-acquisition profits or losses is recognised in the consolidated statement of comprehensive income, and its share of post-acquisition movements in reserves is recognised in reserves. The carrying amount of the investment is increased or decreased to recognise the investor's share of the profit or loss of the investee after the date of acquisition. When the Group's share of losses in an associated company equals or exceeds its interest in the associated company, including any other unsecured receivables, the Group does not recognise further losses, unless it has incurred legal or constructive obligations or made payments on behalf of the associated company.

Notes to the Consolidated Financial Statements *(CONTINUED)*

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

(c) Consolidation *(Continued)*

(ii) Associated companies (Continued)

Unrealised gains on transactions between the Group and its associated companies are eliminated to the extent of the Group's interest in the associated companies. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of associated companies have been changed where necessary to ensure consistency with the accounting policies adopted by the Group.

In the Company's balance sheet, the investments in associated companies are stated at cost less provision for impairment losses. The results of associated companies are accounted for by the Company on the basis of dividend received and receivable.

(d) Foreign currency translation

(i) Functional and presentation currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The consolidated financial statements are presented in Hong Kong dollar, which is the Company's functional and the Group's presentation currency. The functional currency of all subsidiaries and associated companies of the Group is Hong Kong dollar.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuations where items are re-measured. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of comprehensive income.

Changes in the fair value of monetary securities denominated in foreign currency classified as available-for-sale are analysed between translation differences resulting from changes in the amortised cost of the securities, and other changes in the carrying amount of the securities. Translation differences related to changes in amortised cost are recognised in the statement of comprehensive income, and other changes in carrying amount are recognised in equity.

Translation differences on non-monetary financial assets and liabilities, such as equities held at fair value through profit or loss, are recognised in the statement of comprehensive income as part of the fair value gain or loss. Translation differences on non-monetary financial assets, such as equities classified as available-for-sale, are included in the investment revaluation reserve in equity.

(e) Investment properties

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Group, is classified as investment property.

Investment property comprises land held under finance leases and buildings held under finance leases.

Investment property is measured initially at its cost, including related transaction costs.

After initial recognition, investment property is carried at fair value and is not depreciated. Fair value is based on active market prices, adjusted, if necessary, for any difference in the nature, location or condition of the specific asset. If this information is not available, alternative valuation methods such as recent prices on less active markets or discounted cash flow projections are used. These valuations are performed at least annually by external valuers.

The fair value of investment property reflects, among other things, rental income from current leases and assumptions about rental income from future leases in the light of current market conditions. The fair value also reflects, on a similar basis, any cash outflow that could be expected in respect of the property. Some of those outflows are recognised as a liability, including finance lease liabilities in respect of land classified as investment property; others, including contingent rent payments, are not recognised in the financial statements.

Subsequent expenditure is accounted for as part of the asset's carrying amount only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed in the statement of comprehensive income during the financial period in which they are incurred.

Changes in fair values are recognised in the statement of comprehensive income.

Notes to the Consolidated Financial Statements *(CONTINUED)*

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

(f) Impairment of investments in subsidiaries, associated companies and non-financial assets

Assets that have an indefinite useful life or are not yet available for use are not subject to amortisation and are tested annually for impairment. Assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at each reporting date.

Impairment testing of the investments in subsidiaries or associated companies is required upon receiving dividends from these investments if the dividend exceeds the total comprehensive income of the subsidiary or associated company in the period the dividend is declared or if the carrying amount of the investment in the separate financial statements exceeds the carrying amount in the consolidated financial statements of the investee's net assets including goodwill.

(g) Financial assets

The Group classifies its financial assets in the following categories: financial assets at fair value through profit or loss, loans and receivables, held-to-maturity investments and available-for-sale financial assets. The classification depends on the purposes for which the financial assets were acquired. Management determines the classification of financial assets at initial recognition.

(i) *Financial assets at fair value through profit or loss*

Financial assets at fair value through profit or loss are financial assets held for trading. A financial asset is classified in this category if acquired principally for the purpose of selling in short term. Derivatives are classified as held for trading unless they are designated as hedges. Assets in this category are classified as current assets.

(ii) *Loans and receivables*

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They arise when the Group provides money, goods or services directly to a debtor with no intention of trading the receivable. They are included in current assets, except for those with maturities greater than twelve months after the balance sheet date, which are classified as non-current assets. Loans and receivables are carried at amortised cost using the effective interest method. Loans and receivables of the Group include trade and other receivables in the balance sheet.

(iii) *Held-to-maturity investments*

Held-to-maturity investments are non-derivative financial assets with fixed or determinable payments and fixed maturities that the Group's management has the positive intention and ability to hold to maturity, other than those that meet the definition of loans and receivables and those the Group designates as available-for-sale or at fair value through profit or loss.

(iv) *Available-for-sale financial assets*

Available-for-sale financial assets are non-derivatives that are either designated in this category or not classified in any of the other categories including financial assets at fair value through profit or loss, loans and receivables or held-to-maturity investments. They are included in non-current assets unless matures or management intends to dispose of the investment within twelve months of the balance sheet date.

Regular purchases and sales of financial assets are recognised on trade-date, the date on which the Group commits to purchase or sell the asset. Financial assets carried at fair value through profit or loss are initially recognised at fair value and transaction costs are expensed in the income statement. All other financial assets are initially recognised at fair value plus transaction costs. Financial assets are derecognised when the rights to receive cash flows from the investments have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership. Available-for-sale financial assets and financial assets at fair value through profit or loss are subsequently carried at fair value. Loans and receivables, and held-to maturity investments are carried at amortised cost using the effective interest method. Gains and losses arising from changes in the fair value of the "financial assets at fair value through profit or loss" category are included in the statement of comprehensive income.

Notes to the Consolidated Financial Statements *(CONTINUED)*

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

(g) Financial assets *(Continued)*

Changes in the fair value of monetary securities denominated in a foreign currency classified as available-for-sale are analysed between translation differences resulting from changes in the amortised cost of the securities and other changes in the carrying amount of the securities. The translation differences resulting from changes in the amortised cost are recognised in the statement of comprehensive income, and other changes in carrying amount are recognised in equity. Changes in the fair value of non-monetary securities classified as available-for-sale are recognised in equity.

When securities classified as available-for-sale are sold or impaired, the accumulated fair value adjustments recognised in equity are included in the statement of comprehensive income as “gains and losses from available-for-sale financial assets”.

The fair values of quoted investments are based on current bid prices. If the market for a financial asset is not active (and for unlisted securities), the Group establishes fair value by using valuation techniques. These include the use of recent arm’s length transactions, reference to other instruments that are substantially the same, discounted cash flow analysis, and option pricing models making maximum use of market inputs and relying as little as possible on entity specific inputs.

The Group assesses at each balance sheet date whether there is objective evidence that a financial asset or a group of financial assets is impaired. In the case of equity securities classified as available-for-sale, a significant or prolonged decline in the fair value of the securities below its cost is considered as an indicator that the securities are impaired. If any such evidence exists for available-for-sale financial assets, the cumulative loss – measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognised in the statement of comprehensive income – is removed from equity and recognised in the statement of comprehensive income. Impairment losses recognised in the statement of comprehensive income on equity instruments are not reversed through the statement of comprehensive income. Impairment testing of receivables is described in Note 2(h).

(h) Trade and other receivables

Trade and other receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for impairment of trade and other receivables is established when there is objective evidence that the Group will not be able to collect all amounts due according to the original terms of receivables. Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganisation, and default or delinquency in payments are considered indicators that the receivable is impaired. The amount of the provision is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the effective interest rate. The amount of the provision is recognised in the statement of comprehensive income.

(i) Completed properties held for sale

Completed properties held for sale is classified under current assets and carried at the lower of cost and net realisable value. Net realisable value takes into account the price ultimately expected to be realised, less applicable variable selling expenses and the anticipated costs to completion.

(j) Cash and cash equivalents

Cash and cash equivalents include cash in hand and deposits held at call with financial institutions with original maturities of three months or less.

(k) Current and deferred income tax

The tax expense for the period comprises current and deferred tax. Tax is recognised in the statement of comprehensive income, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case the tax is also recognised in other comprehensive income or directly in equity, respectively.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the balance sheet date in the countries where the Company and its subsidiaries and associated companies operate and generate taxable income. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulation is subject to interpretation and establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Notes to the Consolidated Financial Statements *(CONTINUED)*

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

(k) Current and deferred income tax *(Continued)*

Deferred income tax is recognised using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, if the deferred income tax arises from initial recognition of an asset or a liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss, it is not accounted for. Deferred income tax is determined using tax rates and laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred income tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

Deferred income tax is provided on temporary differences arising on investments in subsidiaries and associated companies, except where the timing of the reversal of the temporary difference is controlled by the Group and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income taxes assets and liabilities relate to income taxes levied by the same taxation authority on either the taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

(l) Employee benefits

The Group participates in two defined contribution retirement benefits schemes. The Group's contributions under the schemes are charged to the statement of comprehensive income as incurred. The amount of the Group's contributions is based on specified percentages of the salaries of employees.

Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by employees up to the balance sheet date. Employee entitlements to sick leave and maternity leave are not recognised until the time of leave.

(m) Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

When there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of the expenditures expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognised as interest expense.

(n) Operating leases

Leases where substantially all the risks and rewards of ownership of assets remain with the lessors are accounted for as operating leases. Rentals applicable to operating leases net of any incentives received from the lessors are charged to the statement of comprehensive income on a straight-line basis over the periods of the respective leases.

(o) Revenue recognition

Rental income is recognised over the periods of the respective leases on a straight-line basis.

Sales of completed properties are recognised upon completion of the sales agreements.

Management fee income is recognised when services are rendered.

Interest income is recognised on a time proportion basis using the effective interest rate method.

Dividend income is recognised when the right to receive payment is certain.

Construction supervision fee income is recognised when services are rendered to customers.

(p) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the steering committee that makes strategic decisions.

(q) Dividend distribution

Dividend distribution to the Company's equity holders is recognised as a liability in the Group's and the Company's financial statements in the period in which the dividends are approved by the Company's Directors/equity holders.

3 FINANCIAL RISK MANAGEMENT

(a) Financial risk factors

The Group's activities expose it to various types of financial risks which include market risk (including foreign exchange risk, price risk and interest rate risk), credit risk and liquidity risk. The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise the potential adverse effects it may have on the Group's financial performance.

(i) Market risk – foreign exchange risk

Foreign exchange risk arises when future commercial transactions and recognised assets and liabilities are denominated in a currency that is not the functional currencies of the entities of the Group.

The majority of the Group's monetary assets and monetary liabilities and the rental income are denominated in Hong Kong dollar, except for certain financial assets at fair value through profit or loss and bank deposits which are denominated in the United States dollar and Renminbi ("RMB") respectively.

The Group's exposure to foreign exchange risk arising from financial assets denominated in United States dollar is insignificant as Hong Kong dollar is pegged to the United States dollar.

The Group currently does not have a foreign currency hedging policy. However, management monitors foreign exchange exposure and will consider hedging significant foreign currency exposure should the need arise.

At 31st March 2013, if Hong Kong dollar had weakened or strengthened by 1% (2012: 1%) against RMB, with all other variables held constant, profit before income tax for the year would have been higher or lower by approximately HK\$651,000 (2012: HK\$625,000) as a result of foreign exchange gains/losses arising from deposits.

(ii) *Market risk – price risk*

Financial assets at fair value through profit or loss

The Group is exposed to price risk arising from investments classified as financial assets at fair value through profit or loss. The Group's price risk is mainly concentrated on listed securities. To manage its price risk arising from financial assets at fair value through profit or loss, the Group diversifies its portfolio.

The sensitivity analyses below have been determined based on the exposure to price risk at the balance sheet date.

If market prices of investments had been 10% higher/lower, the Group's post-tax profit for the year ended 31st March 2013 would increase/decrease by approximately HK\$294,000 (2012: HK\$255,000).

Notes to the Consolidated Financial Statements *(CONTINUED)*

3 FINANCIAL RISK MANAGEMENT *(Continued)*

(a) Financial risk factors *(Continued)*

(iii) Market risk – Interest rate risk

The Group is exposed to changes in market interest rates through bank deposits.

The following analyses the impact on the Group's post-tax profit assuming a reasonable possible change in interest rates for bank deposits, with all other variables held constant.

As at 31st March 2013, if market interest rates had been 50 basis points higher/lower, the Group's post-tax profit would increase/decrease by approximately HK\$1,772,000 (2012: HK\$1,799,000).

The Group has no interest bearing liabilities.

(iv) Credit risk

The carrying amounts of bank deposits, financial assets at fair value through profit or loss, trade and other receivables and amounts due from associated companies represent the Group's maximum exposure to credit risk in relation to financial assets.

Bank deposits and financial assets at fair value through profit or loss were placed with banks and a financial institution with sound credit ratings to mitigate the risk.

The Group has policies in place to ensure that rental deposits are required from tenants prior to commencement of leases and sale proceeds are received before the assignments of properties are executed. Amounts due from associated companies are generally supported by the underlying assets and the Group monitors the credibility of associated companies continuously. At each balance sheet date, the Group reviews the recoverable amount of each debtor to ensure that adequate provision is made for irrecoverable amounts.

(v) *Liquidity risk*

To achieve the prudent liquidity risk management the Group holds sufficient cash for operation.

The Group's policy is to regularly monitor its current and expected liquidity requirements to ensure that it maintains sufficient reserves of cash to meet its liquidity requirements in the short and long term.

The table below analyses the Group's financial liabilities and derivative financial instruments that will be settled on a gross basis into relevant maturity groups based on the remaining period at the balance sheet date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

3 FINANCIAL RISK MANAGEMENT *(Continued)*

(b) Capital risk management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for equity holders and to support future development of the business. The Group's strategy remains unchanged from the year ended 31st March 2012 and is to maintain net cash position.

The Group considers the total equity of the Group as its capital.

The Group reviews the capital structure periodically and manages its overall capital structure through payment of dividends.

(c) Fair value estimation

The fair value of financial assets at fair value through profit or loss and available-for-sale financial assets is determined on the basis set out in Note 2(g).

The carrying amounts of trade and other receivables, cash and bank deposits and trade and other payables approximate their fair values. The fair value of other financial assets and liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Group for similar financial instruments.

The Group's financial instruments are measured in the balance sheet at fair value. This requires disclosure of fair value measurements by level of the following fair value measurement hierarchy:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

The fair value of financial instruments traded in active markets is based on quoted market prices at the balance sheet date. A market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. The quoted market price used for financial assets held by the Group is the current bid price. These instruments are included in level 1. Instruments included in level 1 comprise listed equity securities classified as financial assets at fair value through profit or loss.

4 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

(a) Fair value of investment properties

The fair values of investment properties are determined by an independent valuer on an open market for existing use basis with reference to comparable market transactions. In making the judgement, the Group considers information from a variety of sources including:

- (i) current prices in an active market for properties of different nature, condition or location (or subject to different lease or other contracts), adjusted to reflect those differences;
- (ii) recent prices of similar properties in less active markets, with adjustments to reflect any changes in economic conditions since the date of the transactions that occurred at those prices; and
- (iii) discounted cash flow projections based on reliable estimates of future cash flows, derived from the terms of any existing lease and other contracts, and (where possible) from external evidence such as current market rents for similar properties in the same location and condition, and using discount rates that reflect current market assessments of the uncertainty in the amount and timing of the cash flows.

Notes to the Consolidated Financial Statements *(CONTINUED)*

4 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS *(Continued)*

(a) Fair value of investment properties *(Continued)*

If information on current or recent prices of investment properties is not available, the fair values of investment properties are determined using discounted cash flow valuation techniques. The Group uses assumptions that are mainly based on market conditions existing at each balance sheet date.

The principal assumptions underlying management's estimation of fair value are those related to: the receipt of contractual rentals, expected future market rentals, maintenance requirements and appropriate discount rates. These valuations are regularly compared to actual market yield data, actual transactions by the Group and those reported by the market. The valuations are reviewed annually by an external valuer.

(b) Income taxes

The Group is subject to income taxes in Hong Kong. Significant judgement is required in determining the provision for income taxes. There are many transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

Deferred income tax assets relating to certain temporary differences and tax losses are recognised when management considers to be probable that future taxable profit will be available against which the temporary differences or tax losses can be utilised. The outcome of their actual utilisation may be different.

The emoluments of each of the five highest paid individuals are below HK\$1,000,000 for the years ended 31st March 2013 and 2012.

10 RETIREMENT SCHEMES

The Group operates two defined contribution retirement schemes in Hong Kong which comply with the respective requirements of the Occupational Retirement Schemes Ordinance ("ORSO") and Mandatory Provident Fund ("MPF") Schemes Ordinance. The schemes cover all the employees of the Group. All the assets under the schemes are held separately from the Group under independently administered funds. Contributions to the MPF Scheme follow the MPF Schemes Ordinance while contributions to the ORSO Scheme are based on a percentage of employee salary depending upon the length of employment.

11 INCOME TAX CREDIT

17 AVAILABLE-FOR-SALE FINANCIAL ASSETS

	Group and Company	
	2013 HK\$	2012 HK\$
Unlisted shares, at cost	250,448	250,448

The Directors are of the opinion that the fair value of the available-for-sale financial assets cannot be reliably measured since there are no recent market transactions between knowledgeable, willing parties on an arm's length basis and future cash flows available from the available-for-sale financial assets cannot be determined reliably. Accordingly, the available-for-sale financial assets are stated at cost.

Prepayments and utility deposits	207,068	192,045	176,138	163,613
	1,250,398	1,644,161	877,002	1,375,942

Notes:

- (a) Trade receivables represent rental and management fee receivables. Rental receivable is normally due for payment upon presentation of debit note at the beginning of each rental period (normally on a monthly basis). The trade receivables are generally fully covered by the rental deposits from corresponding tenants. Management fee receivable is normally due for payment upon presentation of debit note at the end of each month. The above ageing analysis is based on the debit note date.

Receivables are denominated in Hong Kong dollar and the Directors consider that the fair value of these receivables at the balance sheet date was approximately their carrying amounts.

- (b) As at 31st March 2013, trade receivables of HK\$335,220 (2012: HK\$237,211) were past due but not impaired. These related to a number of independent customers for whom there is no recent history of default.
- (c) At 31st March 2013, there are no trade receivables of the Group and the Company individually determined to be impaired (2012: nil).
